# NISR website

The NISR website is a public website accessed through [www.statistics.gov.rw](http://www.statistics.gov.rw). The website is accessible to search engine spiders and it is coded with on-page search engine optimization.

The current navigation system is intuitive with respectively statistical publications of NISR organised by themes: and activities and this allows the visitors to quickly navigate the site starting from any page. In addition, the site features drop down menus on every page with a search box that appears on the home page which gives the visitor the option of an advanced search. Moreover, the home page also give visitors an overview NISR missions and realizations.

On the dissemination point of view, the current navigation enables users to access NISR [statistical publications](#) as they are organized by categories: [economy, agriculture and infrastructure](#), [education, labour and justice](#), [population, health and poverty](#) and [others](#).

**The following slides guide you how to navigate through the NISR website, especially when looking for statistical reports**

## How to get statistical reports on NISR website

The screenshot shows the NISR website homepage. At the top, there is a navigation menu with links for 'About us', 'Press', 'Jobs', 'Tenders', and 'Contact'. Below this is a secondary navigation menu with 'STATISTICAL PUBLICATIONS' (highlighted with a red box), 'DOCUMENTS', 'SURVEYS', 'DATA PORTALS', and 'DATA VISUALIZATIONS'. A search bar is located below the navigation menus. The main content area is divided into two columns: 'Featured articles' and 'Key figures'. The 'Featured articles' section contains a line chart showing economic growth from 2014-Q1 to 2017-Q1 for Agriculture, Industry, and Services. Below the chart is a blue box with the headline 'Rwanda's economy grew 1.7 pct in Q1,2017' and a brief description. The 'Key figures' section lists four metrics: Gross Domestic Product (1,817), Consumer Price Index (113.6), Life expectancy at birth (66.6), and Size of the resident population (11,809,295).
