Devinfo Rwanda

How to use DevInfo on NISR website?

Devinfo Rwanda

Definitions:

DevInfo is a powerful database system for monitoring human development. It is a tool for organizing, storing and presenting indicators and their data in a uniform way at the country, district and sector levels.

DevInfo has features that produce tables, graphs and maps for inclusion in reports, presentations and advocacy materials.

The software supports both standard indicators and user-defined indicators. DevInfo is compliant with international statistical standards to support open access and widespread data exchange and operates both as a desktop application as well as on the web, so it can be accessed and used from anywhere.

website?

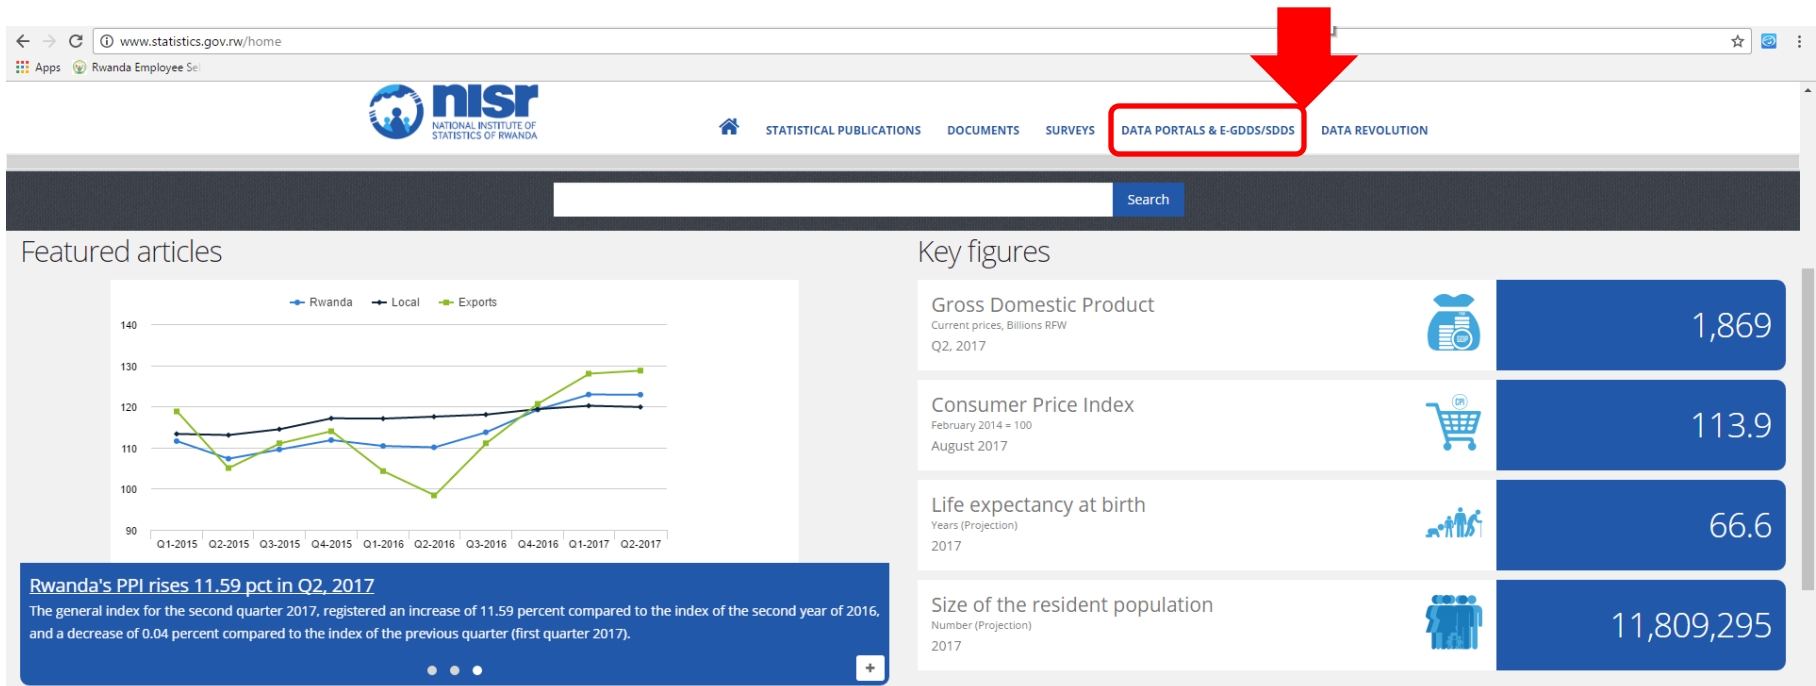

NISR website

How to get data sets on NISR website?

Through NADA (National Data Archiving)

NADA is a web-based cataloging system that serves as a portal for researchers to browse, search, compare, apply for access, and download relevant census or survey information.

How to Go to DevInfo on NISR website? Click on Data Portals

The screenshot shows the NISR website interface. The navigation menu includes 'STATISTICAL PUBLICATIONS', 'DOCUMENTS', 'SURVEYS', 'DATA PORTALS & E-GDDS/SDDS', and 'DATA REVOLUTION'. A red box highlights the 'DATA PORTALS & E-GDDS/SDDS' link, with a red arrow pointing to it from above. Below the navigation bar is a search bar. The main content area is divided into 'Featured articles' and 'Key figures'. The 'Featured articles' section displays a line chart comparing Rwanda's PPI, Local PPI, and Exports from Q1-2015 to Q2-2017. The 'Key figures' section lists four metrics: Gross Domestic Product (1,869), Consumer Price Index (113.9), Life expectancy at birth (66.6), and Size of the resident population (11,809,295).

Category	Value
Gross Domestic Product (Current prices, Billions RFW, Q2, 2017)	1,869
Consumer Price Index (February 2014 = 100, August 2017)	113.9
Life expectancy at birth (Years (Projection) 2017)	66.6
Size of the resident population (Number (Projection) 2017)	11,809,295

Rwanda's PPI rises 11.59 pct in Q2, 2017
The general index for the second quarter 2017, registered an increase of 11.59 percent compared to the index of the second year of 2016, and a decrease of 0.04 percent compared to the index of the previous quarter (first quarter 2017).

Step 6: Visualize the maps

The screenshot shows the DevInfoRwanda web application interface. The browser address bar displays `www.devinfo.statistics.gov.rw/di7web/libraries/asp/dataview.aspx`. The navigation menu includes **DevInfoWorldWide**, **Catalog**, **News**, and **Innovations**. The main header features the **DevInfoRwanda** logo and navigation links for **Home**, **Catalog**, **My Data**, and **Gallery**. A secondary navigation bar contains **Visualization** and **Settings** tabs, along with **Save As**, **Download**, and **Share** options.

The visualization toolbar includes icons for **Table**, **Line**, **Column**, **Bar**, **Area**, **Pie**, **Map** (highlighted with a green box and a green arrow), **Pyramid**, **Treemap**, **Radar**, and **Scatter**. The **Map** icon is selected, and a dropdown menu is visible, showing options for **Map** and **Map** (with a globe icon).

The main visualization area displays a map of Rwanda, divided into regions: **North**, **East**, **South**, **West**, and **Kigali City**. The map is color-coded in shades of cyan and blue. A scale bar at the bottom indicates distances in kilometers (KM), ranging from 0 to 100. A compass rose is located in the bottom right corner of the map area.

The visualization is titled "4.0...ality rate (IMR), Deaths per 1000 live births, Total (Most recent data)". The visualization controls at the bottom include **Visualization**, **Data**, and **Source** tabs, and a **Timeline Animator Enabled** checkbox with a slider ranging from 1992 to 2012.

The footer includes the DevInfo logo, the text "Powered by DevInfo", and social media links for Facebook and Twitter. The bottom navigation bar contains **DevInfo**, **Data Search**, and **About us** links.

Step 7: Download

The screenshot shows the DevInfoRwanda web application interface. The browser address bar displays the URL www.devinfo.statistics.gov.rw/di7web/libraries/asp/dataview.aspx. The application header includes navigation links for Home, Catalog, My Data, and Gallery. A green arrow points to the 'Download' button in the top right corner of the visualization toolbar. Below the 'Download' button, a dropdown menu is visible with the following options: 'Download as Image', 'Download as XLS', and 'Download as KML'. The main visualization area displays a map of Rwanda with the title '4.02 Infant mortality rate (IMR), Deaths per 1000 live births, Total (Most recent data)'. The map is divided into regions: North, Kigali City, East, West, and South. A scale bar at the bottom indicates distances up to 100 KM. The left sidebar shows the 'Area' selection menu with checkboxes for East, Kigali City, North, Rwanda, South, and West, all of which are checked. The 'Indicator' section is also visible.

Step 7: Download....

The screenshot shows the DevInfo Rwanda web application interface. The browser address bar displays `www.devinfo.statistics.gov.rw/di7web/libraries/asp/tableView.aspx`. The page header includes navigation links for Home, Catalog, My Data, and Gallery. The main content area features a visualization toolbar with options like Table, Line, Column, Bar, Area, Pie, Map, Pyramid, Treemap, Radar, and Scatter. A map of Rwanda is displayed, showing the infant mortality rate (IMR) by region: North, East, Kigali City, West, and South. A scale bar at the bottom of the map indicates distances up to 80 km. A large blue download button is highlighted with a green box. The footer includes the DevInfo logo, social media links for Facebook and Twitter, and a download manager showing the file `4.02 Infant mortality...`.
