Civil Servant Census

Period:

March, 2010 to December, 2010

The 2010 Census targeted all government employees, regardless of their status. Employees were physically counted at their workplace: in ministries and affiliated institutions, provinces, districts, sectors, schools, hospitals and health centers, etc.

TABLE: Distribution of public servants by age group and sex

	Female		**Male**		**Total**	
Age group	Number	%	Number	%	**Number**	**%**
< 20	0	0	0	0	**0**	**0**
20-24	3 534	4,32	4 077	4,98	**7 611**	**9,30**
25-29	10 388	12,69	11 056	13,51	**21 444**	**26,20**
30-34	9 857	12,04	10 722	13,10	**20 579**	**25,14**
35-39	5 925	7,24	7 487	9,15	**13 412**	**16,38**
40-44	3 530	4,31	4 764	5,82	**8 294**	**10,13**
45-49	1 938	2,37	2 941	3,59	**4 879**	**5,96**
50-54	1 203	1,47	1 800	2,20	**3 003**	**3,67**
55-59	593	0,72	1 065	1,30	**1 658**	**2,03**
60-64	237	0,29	539	0,66	**776**	**0,95**
65+	39	0,05	163	0,20	**202**	**0,25**
Total	**37 244**	**45,50**	**44 614**	**54,50**	**81 858**	**100,00**

The following people were not included in the census: consultants, politicians, military personnel, police officers, prison guards and staff of the National Security

System (NSS), staff of parastatal companies (e.g. RWANDATEL, MAGERWA, etc).

Each person was enrolled on the basis of their declaration, after presenting their national identity card.
