Datasource:

Foreign Private Capital Census

Period:

January, 2018 to December, 2018

The Rwanda Foreign Private Capital 2019 Census is the tenth in a series of annual censuses, jointly conducted by National Bank of Rwanda, Rwanda Development Board, National Institute of Statistics of Rwanda, and Private Sector Federation. This census collects data on inflows and outflows of foreign investments with the private sector in Rwanda.

This report presents 2018 findings on Foreign Private Capital inflows, and the data used was collected on 288 registered private companies from the Rwanda Development Board’s registration of companies.
